

# WHAT TO CONSIDER WHEN CHOOSING A WEB HOST

- Fast:** guaranteed load times that clock in under one second worldwide
- Reliable:** performance is consistently good over time and the server is solid
- Flexible:** scalable memory or bandwidth limits for peak times of traffic
- Secure:** high level of security that keeps your customers' information safe
- On-demand:** you can reach your host when you need to
- Affordable:** a fair and competitive price

Soulheart Web Hosting provides all of these.
